FARM SEEDS

We have a complete line of Farm and Grass Seeds, which is carefully selected, of highest purity and quality obtainable. Extra recleaned, from sections producing Seed most adaptable for our locality.

Below we are quoting some of the seasonable items. Seeds not listed will be quoted on request. Less than 10 pounds Grass Seed charged at pound price which is slightly higher. All bags free, net weights. Our terms are strictly cash. Samples on request. Prices f.o.b. Lansdale, Pa.

Most of the failures of Seeds are due to various causes entirely beyond our control, such as unfavorable weather or soil conditions, too deep or too shallow planting, fertilizing, cultivation, etc., which renders it impossible for us to guarantee successful results; and all our Seeds are sold with the understanding that, if purchaser does not accept Seeds on these terms, they shall be returned to us within five days, and amount paid will be refunded.

DISCLAIMER—F. P. Cassel's Son gives no warranty, express or implied, as to the description, quality, productiveness or any other matter of any Seeds, Bulbs, Roots or Plants he sells and will not be responsible for the crop.

All prices are subject to change, unsold and confirmation.
